

## Casual RPN Position with Huron Hospice

If you love nursing and want to work in a setting where nurses feel appreciated and supported, where you have the time to really get to know the residents and families you're caring for, we would like to meet you. Our small rural hospice is located on beautiful grounds in the farming community of Huron County. We care for residents who are nearing end of life and their families as well as providing excellent symptom management for those whose goals of care include transition to other settings. For more information about Huron Hospice, please visit our website at <https://www.huronhospice.ca/>

### Position Information

You will be responsible for providing individualized hospice and palliative care to promote comfort and quality of life for residents in your care. Responsibilities include pain and symptom management, psychosocial care for the resident and family, expert assessment and care planning, and working in partnership with an interdisciplinary team that includes a strong volunteer component. The shifts are 12 hours with required availability for both day and night shift coverage.

At Huron Hospice, we value our nurses. We have recently revised our pay scale to bring nursing pay above the average for hospices in Ontario. We also provide ongoing opportunities through support for education and professional development.

A minimum of 1 year's palliative care experience is preferred. Experience in geriatrics and/or care for those with chronic life-limiting illness is an asset. If you are an RPN with limited experience in hospice and palliative care and a desire to explore this specialty, we welcome your application and will work with you to gain training and experience.

### Skills and Qualifications

- Must be an RPN in good standing with the College of Nurses of Ontario (CNO)
- Must have a current BCLS certification
- [Fundamentals of Palliative Care](#) is essential within 3 months of starting
- [Comprehensive Advanced Palliative Care Education \(CAPCE\)](#) preferred or willing to obtain within 12 months
- LEAP Core is considered an asset but is not required
- Demonstrate good communication skills, both written and oral, with residents, families, colleagues, and community care partners
- Have the ability practice according to facility policies, procedures, and the CNO Standards of Practice
- Demonstrate an active interest in education and professional development
- Demonstrate good interpersonal and interdisciplinary practices when working with colleagues, volunteers, and community partners

- Engage in reflective practice and independently identify learning needs
- Have computer literacy in Microsoft applications
- Maintain an awareness of current trends and best practices in Hospice and Palliative Care
- Must be able to meet the physical requirements of the position including using computers, smartphones, using mechanical lifts, and providing full body care to residents
- Support and promote values compatible with the organization's mission, vision and values
- Have received up to date COVID 19 vaccinations
