

Fulltime Volunteer Coordinator Position

Volunteers are not just volunteers at Huron Hospice. We have 140 volunteers who are an integral part of our care team in roles including board directors, home hospice visitors, residence hospitality, building maintenance and cleaning, gardening, fundraising, quality committee, music care, grocery shopping, spiritual care, pet therapy, correspondence, grief group facilitation, hairdressing and more. We are looking for an energetic, kind and skilled volunteer coordinator to lead these teams.

Over the past 30 years we have supported a few thousand people in the county with home hospice and grief services. Since opening the residence in 2018, we have served almost 300 individuals and their families there. Huron Hospice Bender House is located on a tranquil 12-acre rural estate just west of Clinton with a reflection pond out front and a 5-acre woodlot out back. Have a look at this short video tour to view the property and the residence.

Although the setting helps, in the end, it is the care that matters most in our community and residence services. Over 40 of our volunteers are trained to visit and support people in their homes as they live with life-limiting illnesses. Residents and their families can't believe the quality of care they get as our four-bed residence (we will have expanded to six beds by August) is staffed around the clock by an RN and RPN with further support from many volunteers. Have a listen to Bill as he describes what it was like when he and his wife, Joyce, were with us.

The primary role of the Volunteer Coordinator will be the recruitment, screening, orientation, education, support, evaluation and recognition of volunteers in support of hospice programs and services.
